The Chair called for discussion of the motion to which none was brought forward. The Chair called for a vote on the motion; the motion carried by roll call vote 3-0.

## **New Members & New Meters**

Mr. Stull moved to approve the New Members and New Meters list as presented; the motion was seconded by Dr. Anderson. The Chair called for discussion of the motion. Executive Director Jennifer Horton advised we have fifteen (15) names on the list; ten (10) are new members, and four (4) are new meters. The Chair called for a vote on the motion; the motion carried by roll call vote 3-0.

## **Customer Issues and Public Input**

Mr. Steve Newby approached the Board of Directors to discuss the policy regarding tampering fees and the potential to educate our membership on the severity of this fee if there is any damage to Association property. Mr. Newby experienced a leak and upon attempting to turn off his angle valve, it broke. Mr. Newby is now aware of the need to have an angle valve installed on his side of the meter, and now would like to try to educate the public so that others do not experience the same issues he has had. Ms. Horton suggested we start featuring a policy in each of our newsletters to try to continue to bring awareness to our membership. He would also request a housekeeping lesson to

our Operations staff when servicing Association items while on a members property. Ms. Horton advised we have addressed this concern and stressed the importance of good housekeeping.

### **Board President Report**

Mr. Melton reported we attempted to hold our Annual Meeting, however we were unable to meet quorum. This forced us to recess until March 28, 2018. Dr. Anderson has requested the costs for the Annual Meeting.

### **Staff Reports**

Ms. Horton advised we had a line break in Radium Springs that caused an emergency water outage. The line to our force main also broke over the holiday weekend and is very tender at this point. The entire line will need to be replaced in the near future.

We have implemented new procedures for testing to level up a certification in operations. The goal is to better prepare our staff for obtaining their new certifications.

### **Open Discussion**

Mr. Roberts has been approached by members from his district about the status of the Via Norte Project. Ms. Horton confirmed the contract is still being reviewed and we currently do not have a time frame for when this project will be awarded.

Mr. Melton presented to the Board an opportunity to consider providing all our documents in both English and Spanish. Mr. Smith advised English is the only requirement for providing documents. Ms. Horton reminded the Board that we do disclose on every agenda that if an interpreter or language assistance is needed to please contact Stephanie Nelson for support.

### **Adjournment**

### **New Business**

None

## **Unfinished Business**

Dr. Anderson moved to Approve the Award of Construction for the Via Norte Water Improvements Project to Morrow Enterprise. Mr. Stull seconded the motion. The Chair called for discussion of the motion. Ms. Horton explained the original apparent low bidder was Timberland Construction, however upon review they failed to complete their six good faith efforts per regulation bid requirements. Good faith efforts mean a company must complete advertisements to solicit minority, women owned, and small businesses to sub-contract in rural areas. There is a form that must be filled out, which they did not complete. Based on the documentation they provided, Timberland felt they already qualified for this requirement as a company; which is not how the regulations read and thus resulted in a recommendation for Morrow Enterprise. The Association does not make the decision for the award; this is the recommendation from New Mexico Environment Department and is supported by our funding agency New Mexico Finance Authority. The Chair called for a vote on the motion; the motion carried by roll call vote 4-0.

## **Open Discussion**

Dr. Anderson asked what the potential for any issues are based off this new award for the Via Norte Project. Ms. Horton advised whereas we did not make this decision, we are the contracting agency; if a protest were to arise our legal representation, Mr. Smith, would handle the review and determination. Our engineering firm will handle the notice of award.

Ms. Horton advised we have the New Mexico Rural Water Conference April 16th thru April 19<sup>th</sup> in Albuquerque. Mr. Stull, Dr. Anderson, and Mr. Melton will attend. Ms. Horton will work on where else we can obtain credit hours for Mr. Roberts to meet Board credit requirements.

Mr. Melton asked about the multiple line breaks that have occurred in Radium Springs recently. Mr. Horton explained the system has electric conduit coming out of the wells, which is causing the pipe to split. This is a result from the old system.

**Adjournment**

Mr. Roberts moved to adjourn at 9:15 a.m., with a second from Mr. Stull. The Chair called for a vote on the motion. The motion carried by roll call vote 4-0.

Name: Janet or Rafael Martinez

Service Address: 235 Dona Ana School Road

I, Janet and/or Rafael, request to be heard at the next regular monthly Board of Directors Meeting\*. I would like to address the Board of Directors on the following concerns:

On Jan. 25, 2018 an employee of DAMDWCA informed us that our water had been shut off. He stated that we had a leak, leading to excessive water usage, near the road that we would have to repair. Upon examining the leak, I found the culprit to be a cast copper connection between meter and installed shut off valve put in by Dona Ana Water employees.

I understand that this office will contact me, by phone or email no later than the Tuesday before the meeting scheduled on March 1, 2018, with an approximate time to appear before the Board of Directors.

\*Please indicate all that apply below to address your concerns:

Time Requested 10 minutes

Handouts

\*The request form must be received by the Executive Director no later than the close of business one week prior to the board meeting. If you plan to use a handout you must provide the handouts along with the request form. No additional handouts shall be given during the presentation.

RE: District 3 Board Member Vacancy

Ms. Horton,

Please accept this letter of interest to fill the vacant Board seat for District 3. I bring over 22 years' experience in planning and community development and I believe I would be a great addition to your Board. I possess a Bachelor of Science in Planning and Development from the University of Southern California and I earned a Master of Community Planning degree from the University of Cincinnati.

Over the course of my 22 years, I have been involved in development throughout the desert southwest and I believe I've gained a relatively strong command of water issues as they relate to development and sustainability in the region. I have worked for Doña Ana County since 2011 and have observed a great deal of interaction and progress between the county and the Association. Participating on the Board will strengthen that relationship. I will bring a balanced perspective, and will strive to ensure that my decisions are based on fact and in the best interest of the constituency and the Association.

I hope this information provides you sufficient insight into my experience and what I have to offer the Association. If you have any additional questions, please feel free to contact me the information below.

Best Regards,

Daniel J. Hortert, AICP
